

Gallatin Student Council Club Contingency Funding Request

Contingency funding is for clubs that require further financial support due to a change in circumstance during the semester that could not originally be represented on the Club Funding Proposal (e.g. a rise in meeting attendance, the addition of a major event to the club calendar, etc). Contingency funding is not for clubs that have poorly planned their budget or would like to increase the quality of their programming (i.e. have catered meetings instead of pizza at meetings when attendance hasn't changed). While all submissions will be considered, the GSC Executive Board will vote with these guidelines in mind.
